ANTI-BULLYING

Bullying is **prohibited** by the School Corporation. Students who commit any acts of bullying are subject to discipline including but not limited to suspension, expulsion, arrest, and/or prosecution.

Definition: "Bullying" is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically); physical acts committed; aggression; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student, creating for the targeted student an objectively hostile school environment that:

- (1) places the targeted student in reasonable fear of harm to his or her person or property;
- (2) has a substantially detrimental effect on the targeted student's physical or mental health;
- (3) has the effect of substantially interfering with the targeted student's academic performance; or
- (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, or privileges provided by the school.

Bullying does **not** include:

- participating in a religious event;
- acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger;
- participating in an activity consisting of the exercise of a student's freedom of speech rights;
- participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults;
- participating in an activity undertaken at the prior written direction of the student's parent; or
- engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.

Applicability: The School Corporation prohibits bullying in all forms. This policy may be applied regardless of the physical location in which the bullying behavior occurred, whenever the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within the School Corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a *safe and peaceful* learning environment. The School Corporation prohibits

bullying through the use of data or computer software that is accessed through any computer, computer system, or computer network.

Education: All students in grades K-12 will be provided age appropriate instruction focusing on bullying prevention.

Reporting: Anyone who believes that a student has possibly been or is the victim of bullying is encouraged to **immediately** report the situation to an appropriate staff member such as a teacher, school counselor, or administrator (including the Superintendent). All staff who observe or receive a report of suspected bullying shall **immediately** notify a designated school administrator in charge of receiving reports of suspected bullying. If a staff member does not know who to make a report to, he or she should report directly to the building principal or Superintendent. Bullying reports to the Department of Child Services and/or law enforcement must be made as required by law, such as when a staff member believes that a student is the victim of abuse or neglect. Any person who makes a report of bullying and requests to remain anonymous will not be personally identified as the reporter or complainant to extent permitted by law. The School Corporation will act appropriately to discipline staff members who fail to initiate or conduct an investigation of a bullying incident and for persons who falsely report an incident of bullying.

Investigation: Once a report of suspected bullying is received by the designated school administrator, an expedited investigation shall follow. The investigation should be facilitated by the designated school administrator or other appropriate school staff. Information relating to the investigation will be gathered using means including, but not limited to: witness interviews, request for written witness statements, record identification and review, and an assessment of whether bullying occurred. The investigation will be initiated within one (1) business day of the report to the designated school administrator and will ordinarily be completed within thirty (30) calendar days.

Intervention/Responses: If a report of suspected bullying is substantiated through an investigation, then the School Corporation shall take appropriate intervention and responses as consistent with policy and procedure. The School Corporation will take prompt and effective steps reasonably calculated to stop the bullying, remedy the bullying, and prevent the bullying from recurring. Interventions and responses include, but are not limited to: separating the bully and the target; follow-up school counseling for the target; bullying education for the bully; and prompt disciplinary action against the bully. These steps should not penalize the target of the bullying. Disciplinary actions against the bully may include, but are not limited to: suspension and expulsion for students; discharge for employees; exclusion for parents, guests, volunteers, and contractors; and removal from any office for governing body members. Also, if the acts of bullying rise to the level of criminal offense the matter will be referred to law enforcement.

Parental Involvement: Parents are encouraged to be involved in the process of minimizing bullying. Parents should report suspected acts of bullying to an appropriate school official. In addition, parents of students suspected of bullying will be notified with a phone call or through other appropriate means of communication. Conversely,

parents of students suspected of being the target of acts of bullying will also be notified with a phone call or through other means of appropriate communication. Parent notifications will occur in an expedited manner within one (1) business day after the designated school administrator receives the report of suspected bullying. Parents of students who are disciplined for acts of bullying will be involved in the disciplinary process consistent with the law and the School Corporation policy.

ATTENDANCE POLICY AND PROCEDURES

The New Albany Floyd County Consolidated School Corporation requires that students attend each day the school is in session. Each day of school is part of a sequential learning process; therefore missing even one day without good cause should be avoided. Our schools are committed to recognizing and celebrating students and classrooms with exemplary attendance.

Reporting Absences to School

Parents are to notify the school office of a student's absence. When reporting the absence please use the attendance line (812)542-2901 and provide complete information as to child's name, teacher, request for picking up home practice, and the reason for the absence. If a phone call or a written note is not provided to the school the absence will remain unexcused.

Physician, dental and counseling appointments should be scheduled after school hours whenever possible. If unavoidable, please notify the office and have the child attend classes both before and after the scheduled appointments. A physician's statement of diagnosis may be required at any point for an absence or extended absences. After ten days absence, a doctor's statement is required each time a student is absent for the remainder of the year. A statement from a licensed medical professional documenting an absence may allow an unexcused absence to be changed to an excused absence.

If one or more of the following occurs, your child will be sent home: temperature of 100.4 or higher, vomiting, severe pain in chest or stomach, fainting, live lice found in hair, and/or injury. Please have two current emergency contacts listed on your child's enrollment form. Please contact the school immediately if this information changes during the year.

Excused Absence-Definition

Absences for the following reasons will be considered as excused absences:

- Illness that involves fever of 100.4 or higher, vomiting, injuries, or situations when a physician recommends the students be absent from school. The reason is to be reported to the school office by 9:00 AM.
- Death of immediate family member
- Medical or dental appointments which cannot be scheduled outside the school day (a written doctor's statement is to be given to the school office)
- Religious Holidays
- Court ordered absences

- Other unusual circumstances when approved by the principal and requested in advance of the event
- Travel for a limited time period involving new educational experiences for a student, which is requested on an infrequent basis by parents or guardian at least one week in advance of the proposed absence. Letters should be submitted to the school principal, not the classroom teacher, for approval.

Unexcused Absence-Definition

Absences for the following reasons will be considered as unexcused absences:

- “Long weekends” and vacations without prior approval
- Moving days (change of residence)
- Transportation problems
- Medical or dental appointment without a doctor’s written statement
- Appointments for non-essential activities such as haircuts, shopping, etc. . .
- Extended absences for head lice treatment

Tardy to School-Definition

Students who arrive at school after 8:00 AM are considered tardy. Those who arrive after 8:00 AM are to report to the office to obtain a pass that will permit them into the classroom. The student’s parent or guardian is to sign in at the office and indicate the reason the student is tardy. The tardy will be documented in the office.

Excused tardies are those that are verified in writing by a medical professional, counselor, etc...or those that have been approved by the building principal due to extenuating circumstances.

Early Dismissal-Definition

Request to release children from school early creates a disruption to the learning environment. Excused early departures are those departures that are verified in writing by a medical professional, counselor, etc...or those departures approved by the building principals for extenuating circumstances. If early dismissal is unavoidable, please follow this procedure:

- Send a note to your child’s teacher including the date, time, and reason for early dismissal.
- Report to the office at the designated time. Your child will be called to the office when you arrive.

Procedures for Dealing with Excessive Absences:

At ten absences (excused or unexcused), legal contact regarding attendance status will be made via USPS letter.

In regard to unexcused absences:

- At 7 unexcused absences, verbal contact will be made via phone call or home visit and documented.
- At 10 unexcused absences, a referral will be submitted to the Department of Child Services per Indiana Code and will include the following documentation: evidence that the school has communicated attendance concerns to the parents, and academic impact statement including grades and performance concerns, and attendance records.

Procedures for Dealing with Chronic Absenteeism:

The State of INdiana defines chronic absenteeism as missing 18 days of school, **regardless of being excused or unexcused.** If a student reaches 18 days of absence, school personnel will work with the family to develop an attendance success plan. For students attending an NAFCS school on an out of county transfer, this may result in a revoke of transfer.

Any time a student misses any portion of the school day (early dismissal, tardy, appointments during the day) the student will be marked tardy for accurate record-keeping. If the period of time exceeds one-half of the student day, the student will be marked half-day absent.

Participating in After-School Activities

Students that are absent from school for the entire day or leave school early unexcused, will not be permitted to participate in after school clubs or activities for that day. Attendance at school is important; participating in after school activities is voluntary and requires attendance at school.

Make-up Work/Requesting Assignments

There is no way a student can totally make up that which is missed when absent. Missing presentations, discussions, examples, and the interaction between child and teacher just cannot be made up. However, assignments involving such things as reading, math problems and worksheets can be done at home provided a student understands the directions. A teacher has the responsibility to carry on the instructional programs for those students who are present. Unless the teacher is aware before school begins that your child needs home practice, we cannot guarantee work will be ready by the end of the day to be picked up. **Please follow the outline procedures when requesting assignments:**

Notify the school or appropriate teacher by the beginning of the school day of the request for work to be sent home. Please tell us what adult will be picking up the work or which child to send it home with that afternoon. It is best when an adult picks up the work because students often forget despite an afternoon announcement reminding them to pick up a sibling's work.

The parent of the student who is missing school is responsible for seeing that arrangements are made for the assignment. All assignments should be picked up in the office from the secretary. Please note that it is difficult for a student to make up an entire day's activities; therefore, upon returning to school, a student may have additional work to be made up. Since special effort is made by the teachers to supply assignments and material, in turn, it would be appreciated if the absent student would complete the work and return it to the teacher. Students are allowed one day for each day missed for make-up work. Credit will be given for completed work. Requests for assignments for pre-approved absences should be directed to the building principal.

BIRTHDAYS

We recognize student birthdays through the office and on the announcements. Please check with your child's teacher regarding birthday guidelines. The school classroom is not the right location for a child's birthday party. Treats for a child's birthday are not accepted due to CoVID concerns.

Invitations to birthday parties (or other parties) outside the school day should not be given out at school. (The exception is if the whole class is invited and no one would be left out. Then teacher permission must be obtained first.)

Balloon and flower deliveries for students should not be sent to school. Deliveries for students are not accepted at school. We appreciate you making other location arrangements for those deliveries, as those items for students are not accepted at the office.

CAR RIDER PROCEDURES

Please follow the car rider procedures distributed at the time of registration and highlighted in the weekly newsletter. Safety is the most important factor when driving near the school. Please refrain from using your cell phone, texting, and smoking. Please do not allow your children to hang out of car windows. Your child should be ready to exit your vehicle as you approach the curb. Please be mindful and courteous of other drivers and the adults on duty.

CHANGES IN DISMISSAL

If your child plans to go home a different way, a note is required. Notes must be sent to the office for approval. The note will be forwarded to the teacher and the bus driver (if applicable). Due to CoVID protocols/seating charts, students are not allowed to ride buses with other students.

Arrangements for weekend sleepovers or visiting friends should be made in advance. Students are not given permission to call home during the day to make those types of after-school arrangements.

CLASS PARTIES

Students in grades K-4 will have three PTA sponsored class parties: Fall, Winter, and Valentine's Day. Students with specific religious concerns associated with these parties may be excused from class once the party begins. Please share any specific religious concerns/guidelines with your child's teacher at the start of the year. Currently, parent volunteers are limited due to CoVID. As that changes, new information will be communicated. You will receive specific information regarding gift exchanges at the appropriate time. **(See section regarding Health and Wellness under School Health Services)**

COMPUTER USE

Any student may lose computer privileges and face other disciplinary actions (including suspension) if he/she is found:

- not following directions on computers
- making inappropriate use of computers
- cheating on the computer
- having actions which could result in damage to the machine or software

Students (and their parents) are liable for the cost of replacement or repair of a computer if damage occurs by accident or intent.

Our school system does use internet filtering software which denies access to inappropriate internet sites.

EMERGENCY DRILLS

All schools are required by state law to conduct the following drills throughout the school year: fire, intruder, and tornado. The purpose of these drills is to teach children how to respond in a rapid, orderly, and safe manner in emergency situations. Students are required to cooperate fully and in a serious manner. Proper behavior is expected at all times to ensure the safety of everyone.

EMERGENCY INFORMATION

In case of an emergency each student is required to have on file at the school office the following:

1. Parent(s) or guardian(s) name(s)
2. Complete and up-to-date address
3. Home phone and parent(s)/guardian(s) work phone
4. Emergency phone number of friend or relative
5. Physician's name and number
6. Medical alert information
7. Up to date custody papers (if applicable)

Please notify the school immediately if you have a change in any of the information listed above during the school year. Up-to-date address records are

essential for emergency and administrative reasons.

FIELD TRIPS/TOURS

Field trips or tours must be of an educational nature to be included in our program. All trips are coordinated through the NAFC Curriculum office. More information about specific trips will be sent home once school begins.

Trips are supervised by teachers. Field trips are scheduled based upon community openings. Information will be communicated to parents via the grade level. Most tour sites allow a limited number of adults per students. Please discuss chaperone needs with your child's teacher. **Brothers and sisters of students are NOT allowed on field trips.** If you are asked to chaperone, please make daycare arrangements for your infants and preschoolers. Please do not plan to transport your child to a field trip in your vehicle. Students on a field trip are expected to ride the bus to and from the site and stay with the school group. All chaperones must have a current limited criminal history check on file in the school office.

It is our philosophy that tours add enrichment to our curriculum that could not be accomplished in any other way. We believe strongly that tours are valuable and educationally sound. **The school reserves the right to withhold a trip from a student due to behavioral or academic concerns.**

HOME PRACTICE POLICY

Home Practice (Homework) is a foundation skill that must be developed. It encourages responsibility and self-discipline. Its main purpose is to develop discipline that is necessary for positive study/thinking skills. You will receive specific grade level homework expectations for each child. We expect parents to be involved with their child's homework by checking his/her work daily, signing specific forms or assignments when necessary, and creating a routine which fosters organization and responsibility. We encourage you to discuss homework expectations with your child's teacher.

LOST AND FOUND

Children will lose things. When a lost article is turned in, we put it in the lost and found. If the lost article is not claimed after a reasonable time, it is either discarded or given to someone who has a need for it. The lost and found rack is located near the elevator across from the office.

LUNCHES

A nutritious lunch program is available at our school. School lunches should be purchased by the week or month. Applications for reduced price or free lunches for eligible students are available in the office. Extra milk and ala carte items are available for purchase. We cannot sell ala carte items to students who do not have a lunch.

Cafeteria personnel have the right to limit the number of items or refuse to sell an ala carte item to any student.

Students may not bring glass containers, fast food lunches, or soft drinks as their sack lunch. Parents should not send beverages with carbonation or caffeine for lunch. Red drinks should not be sent.

If a child has a milk or food allergy, a "Doctor's Statement" (updated yearly) must be on file in the office. Food substitutions can be made if required.

Currently, parents are unable to eat lunch at school with their child due to CoVID precautions and lack of seating in the cafeteria.

A computerized lunch system is being used. Your child is given a lunch number at the beginning of the year. Please help your child memorize his number. Students will keep the same numbers from year to year. You will receive information regarding this lunch system at the start of every year.

PARENT TEACHER COMMUNICATION

The best progress for your child demands a close line of communication and understanding between the parent and the teacher. This can be realized best through individual parent-teacher conferences which may be initiated by either parent or teacher. Conferences with your child's teacher should be arranged in advance. This may be done by calling the school, by sending the teacher a note, or by indicating your desire on the progress report. All of our teachers have email and can be contacted via this mode of communication.

PARENT TEACHER ORGANIZATION (PTO)

All parents are invited and encouraged to join our PTO. The PTO plays an active role in providing supplies, trips, library volunteers and awards to students and teachers. The PTO sponsors class parties, festivals, and fairs. Many of our school programs and functions would cease to exist without the support of our PTO. Please become a part of this organization.

PERSONAL APPEARANCE/HYGIENE

The School Board believes that student dress and appearance should be respectful and not interfere with the learning environment. This replacement policy begins with the 2022-2023 school year.

The School Board understands that schools may have special days/events where the principal allows restricted items to be worn (e.g. sunglasses on Beach Day).

Clothing and jewelry which includes depictions or symbols of the following are prohibited:

 - b. lewd, vulgar, indecent, or plainly offensive speech, including profanity;
 - c. violence, destruction of property, or advocating the use of force;
 - d. urging violation of the law or school regulations;
 - e. alcohol, drugs, tobacco, or tobacco like products;
 - f. anything that humiliates others or which may be considered racist, sexist, ethnically derogatory, including the confederate flag
 - g. anything that substantially or materially disrupts the school environment.
-

Restricted items will include the following:

- e. Tops without sleeves unless deemed appropriate by a building administrator and cover the stomach
- f. Pajamas or similar nightwear
- g. Sunglasses without a doctors statement
- h. Clothing or holes in clothing that exposes stomach/private areas

Principals should consider the following progressive consequences when students do not follow the policy:

- a. Warning

- b. Warning and parent contact
- c. Parent conference at the school
- d. In school suspension
- e. Out of school suspension

Principals have the authority to develop a school uniform policy, if they follow the following procedure:

- a. A committee made up of parents, students, certified staff, non-certified staff, and administrators should meet to develop a school uniform policy.
- b. Parents, staff, and students, grade 3 or higher, should be surveyed to get their opinions.

The Superintendent has the authority to approve a recommendation by the principal to dissolve the school uniform policy. The Superintendent will communicate his/her decision to the Board.

PETS AT SCHOOL

Unfortunately, we do NOT accept pets at school. Thank you for understanding.

PROGRESS REPORTS

Progress reports are distributed every nine weeks. Concerns regarding a student's grade(s) should be discussed with the child's teacher. Midterm reports are sent home during the middle of each quarter.

REQUESTING MAKE-UP WORK/ASSIGNMENTS

There is no way a student can totally make up that which is missed when absent. Missing presentations, discussions, examples and the interaction between child and teacher just cannot be made up. However, certain assignments involving such things as reading, math problems and word study review can be done at home provided a student understands the directions. A teacher has the responsibility to carry on the instructional programs for those students who are present.

Unless the teacher is aware before school begins that your child needs homework, we cannot guarantee work will be ready by the end of the day to be picked up. Please follow the outlined procedures when requesting assignments:

Notify the school or appropriate teacher by the beginning of the school day of the request for homework. Please tell us what adult will be picking up the work or with which child to send it home that afternoon. It is best when an adult picks up the work because students often forget despite an afternoon announcement reminding them to pick up a sibling's homework.

The parent of the student who is missing school is responsible for seeing that arrangements are made for the assignments and all assignments should be picked up in the office from the secretary.

Since special effort is made by the teachers to supply assignments and materials, in turn, it would be appreciated if the absent student would complete the work and return it to the teacher. Credit will be given for completed work.

Students quarantined for CoVID will be provided access to work under the current NAFCS CoVID Action Plan.

SAFE SCHOOL HOTLINE

The hotline is available for parents or community members to leave information concerning possible safety threats without leaving their names. The information is forwarded to a central office administrator and/or the school principal for investigation. The number to call if you have concerns regarding safety at school is 1-800-418-6423 ext. 359. This number service works the same for all schools in New Albany-Floyd County. Concerns may also be sent using the anonymous alert link on the NAFC website, www.nafcs.k12.in.us.

SAFETY

Students threatening suicide or threatening to harm other students are taken seriously, especially in this day and age of increased school violence. Corporation procedures have been established for these actions, which could include out of school suspension and/or counselor intervention at parent expense. Please discuss the seriousness of these actions with your child. Our goal is to have a safe learning environment for every child.

In addition to weapons, items that are dangerous or could cause harm to others will be confiscated. (For example: lighters, laser pens, matches, toy guns, knives) Disciplinary actions will occur if items are brought to school.

SCHOOL COUNSELING PROGRAM

Georgetown Elementary School's developmental counseling program is designed to maximize each student's social, personal, and academic potential. Individual assistance can be provided to students to help them overcome social and/or personal situations that interfere with learning. This may include individual time with the counselor (3-4 sessions), small group counseling, and crisis intervention.

School Health Services

A school nurse oversees the health services offered at this school. However, a school nurse may not be at the school every day because most nurses travel between multiple school buildings. In case of illness or injury, a child will be cared for by a trained member of the school staff. If your child has a health concern, please include this information on your child's health history information or notify the school as soon as possible. This information remains confidential and is shared with school personnel only on an as-needed basis. If emergency medical treatment is necessary, the parents will be contacted. If parents are not available, the child will be taken to the hospital by ambulance at the parents' expense. ***Remember, an emergency telephone number where parents can be reached must be on file and is vital in reaching parents in the case of an emergency.***

Medications at School

1. A "Request for Administration of Medication" form must be signed and dated by the doctor and parent/legal caregiver. This written request must be on file in the school office before the medication, prescription or over-the-counter, will be administered by the staff. The request must contain the student's name, name of the medication, dosage, and time to be given. The form must be renewed at the beginning of each school year or if the medication changes during the school year.
2. A student may be authorized to possess and self-administer medication for a chronic or acute disease or medical condition if the medication is necessary in an emergency situation. The section of the medication form entitled "Possession and Self-Administration of Emergency Medication Authorization/Approval" must be signed and dated by the doctor and parent/legal caregiver.
3. The medication must be furnished to the school by the parent/legal caregiver on a daily basis. Any exception to this daily dosage requirement must be approved by the principal after consultation with the school nurse. The exception will be limited to a one (1) school week's supply of the medication and must be brought to school by the parent/legal caregiver, or by another arrangement approved in advance by the principal. The medication must come to school meeting the requirements listed in #5 below.
4. All nonprescription medication must be in the original container and be clearly labeled with the child's name.
5. All prescription medication must be in the pharmacy labeled bottle or packaging with the following information:

Prescription number
Child's name
Doctor's name
Name of medication
Dosage
Time to be given.

6. All medication brought to school for administration by staff will be kept in a locked container (unless needing to be secure but accessible for emergency use).
7. School nurses will provide instruction/training as needed to those staff members who dispense medication to students.
8. Non-medicated lip balms and up to 2 cough drops per day (with parent note) is allowed without a doctor's statement.

Illness and Returning to School

Students should not come to school if they are experiencing any of the conditions mentioned below. If at school, students will be sent home from school for the following reasons and require a doctor's statement for readmission:

1. Reddened eye(s) with possible drainage, matting, or discomfort.
2. Recurrent or persistent skin infections – including scabies.
3. Unexplained or undiagnosed rash.
4. Injury involving documented loss of consciousness.
5. Untreated drainage from skin.

Students should not come to school if they are experiencing any of the conditions mentioned below. For each condition marked with a (*), see #6 for additional details. If at school, students will be sent home from school for the following reasons:

1. Temperature of 100.4 or over. Students must be fever-free for 24 hours *without the aid of fever-reducing medication such as Tylenol/Ibuprofen* before returning to school. See #6.
2. Temperature of 96.5 or lower.
3. Lice (pediculosis) – Students will be sent home if live bugs are found. If a student has nits, he/she may remain at school for the day, but should be treated before returning to school. According to New Albany-Floyd County School Board Policy, classroom head checks will not be done.
4. Vomiting. Student must be free of vomiting for 24 hours before returning to school unless documentation has been provided to indicate an underlying, non-contagious cause. See #6.
5. Diarrhea. Student must be free of diarrhea for 24 hours before returning to school unless documentation has been provided to indicate an underlying, non-contagious cause. See #6.
6. During periods of community spread respiratory illness such as CoVID-19, guidelines for being excluded from school and returning to school may be extended and include additional symptoms. Input will be taken from the Floyd County Health Department, NAFCS medical advisor and the Indiana Department of Health.

Severe Allergies at School

If your child has a potentially life threatening allergy to food, insect sting, latex, or other allergen, please be sure to have your child's health care provider complete an Allergy Action Plan for your child and provide the school with an EpiPen/autoinjector. A school nurse or other trained school employee may give the EpiPen/autoinjector according to the directions on the Allergy Action Plan.

But, what if your child has an allergic reaction for the very first time at school and has never been diagnosed with an allergy? New Albany-Floyd County school nurses are prepared to handle these potentially life threatening allergic reactions as well. If your child experiences a life threatening allergic reaction at school that involves severe swelling of lip, face, tongue, or throat, severe difficulty swallowing or breathing, or unconsciousness, 911 and a parent will be notified. A school nurse or trained school employee under the direction of a school nurse may use a lifesaving medication called an EpiPen/autoinjector according to orders from the medical advisor. If you do not want your child to receive the life saving measure of medication from an EpiPen, please contact your school's nurse in writing.

Health and Wellness in the Classroom

According to the NAFCS Wellness Policy, all food that are provided, not sold, to students on the school campus during the school day, must comply with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition standards. (<https://foodplanner.healthiergeneration.org/calculator/>). Individual school buildings are allowed up to three (3) exemption days from this policy for the purpose of classroom parties. Each building will independently decide the three (3) days in which food may be served(provided) that do not comply with the USDA guidelines. However, schools are encouraged to serve water and provide fruit and vegetable options as part of the celebration. All food items for parties or celebration must be store-bought and have a label that includes ingredients, Allergens, and carbohydrate counts. If classroom birthday celebrations are allowed, non-food items such as a classroom book, bouncy balls, party favors, or pencils rather than food items are encouraged.

Immunizations

A number of immunizations are required by state law for students admitted to public school. Evidence of receiving these immunizations or a letter of medical or religious objection is required before starting school. Your child could be suspended from attending school with other students if the required proof of immunizations or objection is not given to the school.

Meningococcal Disease

Indiana law requires each year that parents/guardians be informed "about meningococcal disease and its vaccine" (IC 20-30-5-18). Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations.

Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets and by direct contact with an infected person. Fortunately there is an immunization available and the U.S. Centers for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old (prior to starting 6th grade), with a booster dose at 16 years old (prior to starting 12th grade). The meningococcal vaccine is required for 6th-12th grade students to attend school.

Health and Extracurricular Activities

New Albany-Floyd County Schools offers nursing services during school hours. However, a school nurse or health aide is not in the building after school hours. If your child has a medical condition requiring nursing care or a specialized care plan and intends to participate in any before or after-school activities, sports, or the YMCA childcare program, please notify your school nurse. Many agencies use our school buildings for student activities but do not have access to your child's health information or training on how to handle health concerns.

Your school nurse can help you know what steps need to be taken to keep your child safe and healthy outside of the normal school day. For activities that are not school-sponsored (such as YMCA before-/after-school care, After School Rocks, and elementary sports) parents are responsible for communicating a child's health needs to the program director and providing any necessary medication/treatment to care for the child.

SCHOOL PICTURES

Individual school pictures are taken at school for the yearbook by a professional studio each fall. Picture retakes will also be taken during the school year. You will have the option to purchase pictures. Special student pictures are taken in the spring and available for purchase. You will receive specific information regarding picture days during the year.

SCHOOLWIDE RULES AND EXPECTATIONS

We expect our students to behave properly and follow school and classroom rules. Our general school rules are:

1. Follow directions
2. Be responsible
3. Be respectful/kind to others
4. Keep hands, feet, and objects to yourself.

We focus on positive encouragement and rewards for our students. We also hold students accountable for their behavior and academics. Our school uses a system of positive reinforcement and "cardings" to monitor behavior. You will receive a specific classroom policy from your child's teacher at the beginning of the year.

It is sometimes necessary to use the disciplinary options of loss of privileges, in school time-out, bus suspensions, after school detention, and out of school suspensions when student behavior warrants these actions.

Appropriate behavior is expected. Classroom consequences occur when children choose to behave inappropriately. Office intervention occurs when the behavior is severe or disruptions continue by the student. Parents can help at home by reviewing classroom and school rules, encouraging and praising children for appropriate behavior, teaching their children to solve conflicts in positive ways, and by working with the school to help change inappropriate behavior.

SCHOOL YEARBOOK

A yearbook is created and published each year. Class pictures, events of the year, staff members, groups, and candid shots will be included in the yearbook. Specific cost information is shared with parents.. Yearbooks are distributed at the end of the school year.

SMOKING

Georgetown Elementary is a non-smoking campus. Smoking is prohibited inside the school as well as anywhere on the grounds. **Smoking in vehicles located on the property is also prohibited.**

SNACKS

Some classes hold a snack break. Snacks may be brought from home. Check with your child's teacher for the specific classroom snack policy. Please use your best parental judgment when sending in a snack for your child. Parents should not send candy, gum, or soft drinks. Students may not purchase snacks from the Teacher's Lounge at any time. Occasionally a classroom may be identified as a Nut-Free Zone due to a severe allergy. Students in those classrooms should not bring snacks containing nuts.

STUDENT RECOGNITION

Teachers and staff will recognize students in a variety of ways throughout the school year. Students are highlighted on the announcements, in the Bearprint, and in classroom newsletters. Students may also be recognized in local papers via news articles and honor roll.

Awards programs are held toward the end of school recognizing academics, service to others, and many more student accomplishments.

TOYS

Toys (including Trading cards/ Pop-its and Fidget Spinners) should not be brought to school. Items get lost, broken or stolen. We ask parents to monitor what children put in their backpacks. Parents may reclaim any confiscated object during the school year. **All confiscated objects will be discarded at the end of the school year.** No trading or selling will be allowed during school hours or on school buses.

Cell phones, pagers, laser pens, and electronic devices should not be brought to school. They will be confiscated and available for pick up by parents.

Currently visitors/volunteers are limited within the building due to CoVID. As these limitations are lifted, the following rules/expectations apply.

VISITORS

The New Albany Floyd County Schools will screen all visitors before allowing entry to our buildings. A valid state issued ID such as a driver license will be scanned upon your arrival. Our system will print out a badge that visitors will be required to wear during the visit. Our goal is to make sure our schools are secure and that we continue to create a welcoming environment for all of our visitors.

Parents are welcome to visit their child's class during the year. We expect all visitors (including parents) to adhere to safety policies. Visits should not exceed one class period or one hour. Most teachers like to have the day well started before visiting time. The first and last weeks of school, days prior to vacation, and scheduled testing times preclude visitation. **Please notify the teacher before you visit. The school can limit or restrict visits.**

The teacher's role as instructional leader may not be violated. As visitors, you may enter quietly without distracting the teacher's attention from the children. In no instance should the teacher be taken away from the children for a discussion that should be scheduled as a conference. Conferences should be scheduled in advance. Small children who may disturb classes should not be brought to school during visits. No children are allowed to visit on any day unless accompanied by a parent, guardian, or other adult and prior permission has been granted.

Visitors must sign out at the office upon departure from the building. Compliance with these rules will help us protect your child and his/her education from disruption of unauthorized visitors.

VOLUNTEERS

Volunteers are a welcome, necessary component of our school. You may sign up to be a volunteer with PTO or by talking to your child's teacher. If you are volunteering in a classroom, please also refer to the "visitors" section of this handbook.

Volunteers must sign in and out of the office, and pick up a volunteer badge for their time in the building. A Driver's License is needed upon your first visit. Volunteers should have a limited criminal history check on file at the office. We ask that if you bring a small child with you when volunteering that your child be well supervised and well behaved. Small children have caused large disruptions to the learning process when not properly supervised. Infants and preschool children in classrooms are discouraged.

While volunteering or visiting the building, please do not wander through the halls or drop in on classrooms. This creates a safety concern for our students and staff. The principal reserves the right to monitor the volunteer process and restrict visitor/volunteer access.

We hope this handbook helps answer questions that you may have regarding the policies at Georgetown Elementary. Please read through the corporation policies on students' rights and responsibilities on the next several pages and the policies on safety and drugs and alcohol distributed at registration. Also, please talk with your child's teacher regarding his/her classroom expectations and policies. Don't hesitate to call us if you have a question that has not been answered. By working together with the home, we can provide a positive learning environment where students thrive and succeed. Thank you for supporting our school.

PREAMBLE

The New Albany-Floyd County Consolidated School Corporation recognizes: (a) that education is a basic citizenship right; (b) that students have full rights of citizenship as delineated in the U.S. Constitution and its amendments; and (c) that citizenship rights must not be abridged, obstructed, or in other ways altered, except in accordance with due process of law.

Just as in our democratic society at large, the foundation and success in public school education depends on the balance of individual rights and individual responsibilities. Certain standards of student conduct are necessary to assure that individuals seeking to express their rights do not at the same time infringe upon the rights of others. Self-discipline, which comes from understanding this balance of rights and responsibilities, is essential in any democracy. The schools believe that self-discipline is promoted not only through instruction about our representative form of government, but also through practicing democracy in the schools, in the home, and throughout the community.

Those enjoying the benefits of citizenship in the school community must also accept the responsibilities of school citizenship. A democratic school must have rules and regulations just as must the larger democratic society. It is the responsibility of students, parents, educators and the community to work to establish rules and regulations which promote the best possible learning environment for all those involved in the educational process. Not only should the school environment provide equal opportunity for all, it should also permit the teaching-learning process to proceed in an orderly manner.

In an effort to create a more democratic school society, the Board of School Trustees of the New Albany-Floyd County Consolidated School Corporation has outlined some of the basic rights and responsibilities which will allow self-disciplined students to better govern themselves within the total school environment. These policy statements made by the Board of School Trustees are summarized below under eight main headings: (I) Basic Rights and Responsibilities of Students, (II) Enforcement of Rules and Regulations, (III) Procedure for Handling Suspensions and Expulsions from School, (IV) School Safety Policy, (V) Driver's License Policy, (VI) School Bus Safety Code, and (VII) Telecommunication.

As set out in Indiana law, I.C. 20-33-8, in all matters relating to the discipline and conduct of students, School Corporation personnel stand in the relation of parents and guardians to the students of the School Corporation. Therefore, School Corporation personnel have the right, subject to Indiana law, to take any disciplinary action necessary to promote student conduct that conforms to an orderly and effective educational system. Students must follow responsible directions of school personnel in all educational settings and refrain from disruptive behavior that interferes with the educational environment.

I. BASIC RIGHTS AND RESPONSIBILITIES OF STUDENTS

1. Freedom of Speech and Assembly

- a. Students are entitled to express their personal opinions verbally as long as such opinions do not interfere with the freedom of others to express themselves. Students may not use lewd, vulgar, indecent or offensive speech, or engage in lewd, vulgar, indecent or offensive conduct while participating in, or present at, any school activity or any school sponsored extracurricular activity.

- b. Students have the freedom to assemble peacefully. There is an appropriate time and place for the expression of opinions and beliefs. Conducting demonstrations which interfere with the operation of the school or classroom is inappropriate and prohibited. All student meetings in school buildings or on school grounds may function only as a part of the formal educational process or as authorized by the school principal. The use of obscenities or personal attacks is prohibited. Violence, threats of violence and possession, use or threatened use, of weapons are prohibited.

Students must assume the responsibility for the content of such publications or handwritten opinions. The distribution of such material must not interfere with, or disrupt, the educational process, learning environment, or endanger the safety of student and employees. Such material must be signed by the authors. Libel, obscenities, and personal attacks as well as lewd, vulgar, indecent and offensive language are prohibited in all material written, edited, published, or distributed by students in school, on school grounds, at any school sponsored functions, or at any time while under the supervision of school personnel.

3. Search and Seizure

- a. A student is presumed to have no expectation of privacy in a school locker, desk or other area assigned to the student, or in the contents of those assigned areas.
- b. The school principal or another member of the administrative staff designated by the principal may search a student's locker or other assigned area at any time.
- c. Other than a general search of student lockers or other assigned areas, any search shall be, where possible, conducted in the presence of the student whose locker is the subject of the search.
- d. A law enforcement officer with appropriate jurisdiction may, at the request of the school principal, assist the school administration in searching such a locker and its contents.
- e. The principal or designee may search the person or property (including vehicles) of a student, with or without the student's consent, whenever they have reasonable suspicion to suspect that the search is required to discover evidence of a violation of law or of schools rules. The extent and conduct of a search will be governed by the student's age, gender, and the nature of the infraction. Strip searches are prohibited.
- f. To combat escalating school violence and the potential presence of weapons in our schools, and in accordance with School Corporation policy and procedures, the School Corporation may utilize metal detectors, including, but not limited to, wands for random and reasonable suspicion-based searches to detect firearms, knives, and other weapons.
- g. Driving to school and utilizing the school parking lot are privileges for student drivers. Any student who parks his/her car in a school parking lot consents to a search of the car if the school administration has reasonable suspicion.

- h. In an effort to promote a drug-free campus and to protect the safety and health of the district's faculty, staff, and students, the district may routinely partner with local law enforcement to conduct random searches of lockers, classrooms, and school parking lots. During those partnerships, the Board has authorized the use of specially trained dogs to locate and detect the presence of weapons and prohibited drugs on school property.

4. Identification

It is the responsibility of all persons, upon request, to identify themselves to proper school authorities in the school buildings, on school grounds, or at school sponsored events.

5. Student Conduct at Events On and Off School Grounds and at Other Times When Not at School

- a. The New Albany-Floyd County Consolidated School Corporation has adopted a School Safety Policy governing students who commit, attempt to commit, or threaten aggressive acts toward persons (students, employees or visitors) or property. This Policy applies when a student is on a school bus, on school grounds, off school grounds at a school activity, function or event and while traveling to and from school or a school activity, function or event. This Policy may also apply when a student's conduct is unlawful and may reasonably be considered to be interference with school purposes or an educational function, when such conduct occurs during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. Students who commit these acts may be suspended and may be expelled for up to one (1) school year or one (1) calendar year, as set out in Article II, herein.

11. Notification of Rights under the Family Educational Rights and Privacy Act (FERPA)

a. FERPA affords parents and students over eighteen (18) years of age ("eligible students") certain rights with respect to student education records. They are:

- (1) The right to inspect and review the student's records within forty-five (45) days of the day the School Corporation receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- (2) The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students should write the school principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading. If the School Corporation decides not to amend the record as requested, the School Corporation will notify the parent or eligible student of the decision and inform them of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. FERPA allows disclosure of student educational records to school officials, with legitimate educational interests in assessing the student's record, without consent. "School officials" include administrators, supervisors, instructors, support personnel, health and medical staff, law enforcement unit personnel, School Board members, persons or companies contacted to perform a special task, or a parent or student serving on an official committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School Corporation disclosed

education records without consent to officials of another school corporation in which a student seeks or intends to enroll.

- (4) The School Corporation has classified the following information about individual students as "Directory Information" under FERPA and will release such information, without consent, except as set out below:

Name; address; telephone listing; date and place of birth; school enrolled in; photograph or videotape not used in a disciplinary matter; student work displayed at the discretion of the teacher with no grade displayed; academic majors and minors; participation in any officially recognized activities or sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; recognition of service or achievement; and the most recent previous educational agency or institution attended.

If a parent/guardian or eligible student does not wish to have some of the above listed Directory Information items released without prior parent's or eligible student's consent, such parent or eligible student must submit a written signed statement indicating that consent must be secured to: Director of Human Resources, 2813 Grant Line Road, New Albany, Indiana 47150. Such statement must be submitted not later than October 15 of a school year or within thirty (30) days of the student's initial enrollment for the school year.

- (5) The School Corporation will also release Directory Information to representatives of the U.S. Armed Forces and the service academies of the U.S. Armed Forces unless a parent, guardian or student submits a written, signed request that such information not be released; such request must be submitted to the principal of the student's school not later than the end of the student's sophomore year.

- (6) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School Corporation to comply with the requirements of FERPA.

Parents and eligible students who wish to file a complaint under FERPA should do so by submitting the complaint form found at www.studentprivacy.ed.gov/file-a-complaint electronically to FERPA.Complaints@ed.gov. Alternatively, individuals may print out the form, sign, and mail to the following address:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Ave., SW
Washington, DC 20202-8520

12. Screening for Health Concerns

In the course of each school year, the School Corporation provides the opportunity for students at some grade levels, or in some programs to be screened for possible health concerns which could adversely affect a student's performance in the educational program of the School Corporation, including, but not limited to hearing and sight. If parents or guardians do not wish to have their child or ward screened for these possible health concerns because of religious beliefs, such parents or guardians must submit to the building principal a written signed statement indicating that the parent objects on religious grounds.

13. Student Insurance

Unless proven negligent, the School Corporation and School Corporation personnel assume no financial responsibility for medical expenses, treatment or damages resulting from injuries sustained by students while participating in any School Corporation sponsored educational program, or practicing for or participating in athletics, or any other school activity. The School Corporation makes student accident insurance available through a commercial insurance carrier; the protection and limitations are stated in the policy. Enrollment in this student accident insurance program is voluntary. If parents decide not to enroll in the student accident insurance program, it is the parents' responsibility to provide appropriate insurance, or to assume the risk of possible financial responsibility inherent in having their child participate in any school activities. Individual schools may request that parents provide the name of the company carrying the family's health and accident insurance, in order for school officials to have this information in cases of medical emergency.

14. Lost, Stolen, or Damaged Student-Owned Property

The School Corporation and School Corporation personnel assume no financial responsibility for lost, stolen or damaged student-owned property while such property is on the school grounds, or is being used at any school related activity off school grounds.

15. Unsupervised Students on School Property

The School Corporation and its employees assume no responsibility for the safety of students who are on school property at times when they are not involved in a school activity under the direct supervision of School Corporation personnel.

16. Administration of Medications

Before any prescribed medication or treatment may be administered to any student during school hours, the proper form completed by the student's doctor and parent/legal guardian must be completed. The medication must be furnished to the school in compliance with appropriate policy on labeling and packaging.

Notwithstanding, a student with a chronic disease or medical condition may possess and self-administer medication for the chronic disease or medical condition if the following conditions are met:

- a. The student's parent has completed the Student Authority to Possess and Administer Medication form. The authorization must include a statement in writing by a licensed physician that:
 - (1) The student has an acute or chronic disease or medical condition for which the physician has prescribed medication.
 - (2) The student has been instructed in how to self-administer the medication; and

(3) The nature of the disease or medical condition requiring administration of the medication.

- b. The authorization and physician's statement described in subsection (a) must be submitted annually.

17. Enrollment/Residence/Withdrawal

Resident students are those whose legal settlement is within the School Corporation's geographic boundary. A student's legal settlement will be determined under applicable Indiana law. A student's legal settlement will also determine the student's school attendance area within New Albany-Floyd County School Corporation. The School Corporation will accept the transfer of students who do not have legal settlement with the school corporation according to School Board Policy and Indiana law.

18. Parental Involvement/Visitor/Media

The school welcomes and encourages parental visits to school, parent volunteering, and other parental involvement in their student's education. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls.

The Superintendent or principal has the authority to prohibit the entry of any person to a school of this Corporation or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Parents will be involved in the planning, review and improvement of the corporation's Title I programs, and timely responses will be given to parental questions, concerns, and recommendations. Information concerning school performance profiles and their child's individual performance will be communicated to parents.

19. McKinney-Vento

Children who meet the legal definition of a "homeless" student (McKinney-Vento) will not be denied enrollment based on a lack of proof of residency and will be provided a free appropriate public education in the same manner as all other students of the District. Questions about enrollment of a student who may be considered homeless should be directed to Katie Stein, Licensed School Social Worker (812-542-5505) or Tony Duffy, Assistant to the Superintendent for Elementary Education (812-542-2142).

20. Asbestos

An asbestos management plan is on file in the main office and is available for review by the public.

II. ENFORCEMENT OF RULES AND REGULATIONS

When self-discipline fails, regulations for management of school behavior must be enforced by those directly responsible for the operation of the schools. School staff members will make every effort, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-discipline standards. The Board of School Trustees of the New Albany-Floyd County Consolidated School Corporation has this legal responsibility. Authority for such action is given in the School Powers Act and the Student Due Process Statute, I.C. 20-33-8, et. seq. The Board of School Trustees has established policy in the Policy Manual of the New Albany-Floyd County Consolidated School Corporation and appointed administrative officers to carry out those Policies as amended.

1. After School Detainment

Students may be detained after school, but only for a reasonable length of time. (A "reasonable length of time" is determined by the child's age and other factors.) Unusual delays should be reported to the parent by the school by telephone if possible.

2. Restraint and Seclusion

New Albany-Floyd County Consolidated School Corporation has a plan in place for the use of restraint and seclusion, as a last resort, to control students only if there is an imminent risk of injury to the student or to another person and in emergency situations.

3. Teacher Temporary Dismissal

A teacher may dismiss a student from participation in any educational function under that teacher's charge and supervision for a period not to exceed one (1) school day, when a student interferes with the educational function of which the teacher is then in charge.

4. Suspension

A principal or designee may deny a student the right to attend school or to take part in any school function for a period of up to ten (10) school days in the following instances:

- a. When the school personnel in charge of a student consider the behavior of any student under their supervision to be so serious as to warrant the principal's attention;
- b. When the alleged misconduct constitutes a violation of any of the "Grounds for Expulsion or Suspension". The principal or designee shall provide notice and hold a conference with the student prior to the suspension. During the conference, the student is entitled to the following:

Following a student's suspension, the principal or designee shall send a written statement to the parent of the suspended student describing the student's misconduct and the action taken by the principal or designee.

5. Expulsion

a. An expulsion is:

- (1)** A denial of the right of a student to take part in any school function for any period greater than ten (10) school days;

Such reviews shall be conducted by the Superintendent or his/her designee after notice of the review has been given to the student and the student's parent or guardian. The review is limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original expulsion meeting and may lead to a recommendation that the student be reinstated for that semester.
 - g.** A principal may require a student who is at least sixteen (16) years of age and who wishes to enroll after an expulsion to attend an alternative program.
 - h.** The Board has voted to not hear any appeals on the decision of the Expulsion Examiner.

6. Other Disciplinary Actions Which Do Not Constitute a Suspension or An Expulsion

III. PROCEDURE FOR HANDLING SUSPENSIONS AND EXPULSIONS FROM SCHOOL

The Board of School Trustees of the New Albany-Floyd County Consolidated School Corporation has provided a procedure for the handling of student suspensions and expulsions from school. The basic premise of this policy is fairness. A full text of the procedure required by Indiana Law is available in the Administrative Services Center, 2813 Grant Line Road, New Albany, Indiana 47150, upon request. The following is a summary of that procedure.

1. A principal or designee may suspend a student from school for a period not to exceed ten (10) school days. The principal or designee shall send a written statement to the student's parents describing the student's conduct, misconduct or violation of any rule or standard and the reasons for the action taken. The principal or designee shall make a reasonable effort to hold a conference with the parents before or at the time the student returns to school. A student may be suspended from school pending a meeting on his/her expulsion.
2. If, after an investigation, the principal or designee decides that expulsion is warranted for any student, he/she shall file a written charge with the Superintendent requesting that the student be expelled.
3. If the student has an identified disability and is receiving special education services in the School Corporation, the principal or designee will contact the Director of Student Support Services to schedule a causal relationship case conference at the time he/she submits a written charge to the Superintendent. If the case conference committee

determines that no causal relationship exists, under Article 7, the principal or designee may proceed with the expulsion recommendation.

4. When a principal or designee recommends to the Superintendent that a student be expelled from school, the following procedures will be followed:
 - a. The Superintendent may conduct an expulsion meeting, or may appoint One of the following persons to conduct the expulsion meeting:
 - (1) A member of the administrative staff who did not recommend that the student be expelled and who was not involved in the events giving rise to that recommendation; or
 - (2) Legal counsel.
 - b. The Superintendent or the person appointed to hold the expulsion meeting may continue the suspension of a student for more than the ten (10) school days of the principal's suspension and until the time of the expulsion decision, if he/she determines that the student's continued suspension will prevent or substantially reduce the risk of:
 - (1) Interference with an educational function or school purpose; or
 - (2) A physical injury to the student, other students, school employees or visitors to the school.
 - c. An expulsion will not take place until the student and the student's parent or guardian are offered the opportunity to request an expulsion meeting conducted by the Superintendent or the person designated by the Superintendent.
 - d. The opportunity to request an expulsion meeting will be in writing, delivered by certified mail or by personal delivery and contain the reasons for the recommended expulsion and the length of expulsion recommended. For purposes of this provision, a notice of opportunity to request an expulsion meeting or notice of the action taken at an expulsion meeting is effectively given at the time the notice is delivered personally or sent by certified mail to a student and the student's parent or guardian.
 - e. Failure by a student or a student's parent or guardian to request or to appear at an expulsion meeting shall be deemed a waiver of all rights administratively to contest the expulsion.
 - f. The Superintendent or the person designated to hold an expulsion meeting may issue subpoenas, compel the attendance of witnesses, and administer oaths to persons giving testimony at an expulsion meeting.
 - g. At the expulsion meeting, the principal or designee will present information to support the charges against the student. The student, parent or guardian will have the opportunity to answer the charges against the student, and to present information to support the student's position.
 - h. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate and give notice of the action taken to the student and the student's parent or guardian, by certified mail or personal delivery.

- i. In accordance with Indiana Code, a student or parent may request an appeal to the Board of School Trustees on the action taken by the expulsion examiner unless the Board of Trustees has voted to not hear any appeals. The NAFC Board of Trustees voted not to hear any appeals. The ruling of the Expulsion Examiner is final.
5. Under Indiana law, judicial review of the Board of School Trustee's action, by the Circuit or Superior Court of Floyd County is limited to the issue of whether the School Corporation acted without following the procedure required by the student due process statute, I.C. 20-33-8 et. seq.

IV. SCHOOL SAFETY POLICY

The New Albany-Floyd County Consolidated School Corporation has adopted proactive safety policy governing students who commit, attempt to commit, or threaten aggressive acts toward persons (students, employees, or visitors) or property. This policy applies when a student is on a school bus, on school grounds, off school grounds at a school activity, function, or event, and while traveling to and from school or a school activity, function, or event. This policy may also apply when a student's conduct is unlawful and may reasonably be considered an interference with school purposes or an educational function, when such conduct occurs during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. Students who commit these acts will be suspended and may be expelled for up to one school year or one calendar year, in the case of firearms violations. Students will also be referred to the probation office or the prosecutor's office as required or appropriate. Students who make threats, whether spoken, written, by gesture, or expressed in digital means; and/or students whose behavior gives rise to a reasonable belief that the student is substantially likely to injure the student or others may be the subject to a Threat Assessment by the Corporation.

The school safety policy is implemented at each specific level of instruction (elementary, middle and high), and will not follow the student to the next level of instruction.

1. It shall be grounds for an immediate ten (10) days suspension pending expulsion for any student to possess, handle, use, threaten to use, demonstrate the intent to use or transmit weapons, firearms, or explosives. Except in instances involving firearms, upon the recommendation of the building principal, first-time offenders may be given the option of participating in an approved educational/counseling program outside the school corporation. The cost of such outside educational/counseling program shall be the responsibility of the student and the student's parents or guardians. The School Corporation may consider a reduction in the length of the expulsion upon satisfactory completion of this program.
2. A student will be expelled for a full calendar year for possessing, handling, or transmitting a firearm, as defined by Indiana law, while under the jurisdiction of the school corporation. Under I.C. 35-47-1-5, a "firearm" means any weapon that is capable of expelling or designed to expel or that may readily be converted to expel a projectile by means of an explosion. A student expelled under this provision will not be re-enrolled in the school corporation until the beginning of the semester following the end of the

- expulsion. The length of expulsion for possession, handling, or transmitting a firearm may be reduced by the Superintendent, if the circumstances warrant such a reduction.
3. First-time offenders who threaten or commit aggressive acts toward persons or property and who are not in possession of and have not handled, used, threatened to use, or transmitted weapons, firearms or explosives shall be immediately suspended for up to five (5) school days. Such students shall also be required to meet with the school counselor upon returning to school.
 4. The remainder of this policy notwithstanding, when a first-time offender has engaged in violent conduct or has continued to demonstrate aggressive behavior after being told by a school employee to cease and desist (students must be able to immediately demonstrate restraint and self-control) such student may be suspended for ten (10) school days pending expulsion. The students may, upon the recommendation of the building principal, be given the option of participating in an approved educational/counseling program outside the School Corporation. The cost of such outside educational/counseling program shall be the responsibility of the student and the student's parents or guardians. The Superintendent may consider a reduction in the length of the expulsion upon satisfactory completion of this program.
 5. Second time offenders who threaten or commit aggressive acts toward persons or property and who are not in possession of and have not handled, used, threatened to use or transmitted weapons, firearms or explosives shall be immediately suspended up to ten (10) school days. Such conduct may also be grounds for expulsion; however, an educational/counseling alternative to expulsion provided by an approved outside agency may be offered by the building principal to the student and his/her parents or guardians. If the educational/counseling alternative is offered, required documentation must be presented upon return to school.
 - a. This program will be designed to assist students in successfully managing and resolving conflicts in a nonviolent and non-aggressive manner, so that they may successfully complete school after experiencing the consequences of their violation of this policy.
 - b. If the outside educational/counseling program is chosen by the student and parents or guardians the student must attend all sessions of the program. Any cost for this program will be the responsibility of the student and the student's parents or guardians.
 - c. If the student enrolls in the outside educational/counseling program and then withdraws or otherwise fails to satisfactorily complete the program, the building administrator shall immediately resume the expulsion process for such student.
 - d. If the student or his/her parents or guardians do not choose to participate in the outside educational/counseling program, the building administrator shall immediately resume the expulsion process for such student. Such student may be referred to the Floyd County Probation Office for any appropriate action.
 6. Students who threaten or commit aggressive acts on more than two occasions may be immediately suspended for ten (10) school days pending expulsion.

7. If a student's behavior is a criminal act, in addition to school discipline, the school will also notify the proper authorities.

4. The opportunity for an expulsion meeting will be offered, when a student is charged with conduct for which expulsion is recommended.
5. A student whose operator's license or permit has been denied or invalidated under the terms set out above, will become eligible for an operator's license or permit, or to have such a license or permit revalidated upon one of the following events:
 - a. The student becomes eighteen (18) years of age;
 - b. One hundred eighty (180) days after the student is suspended, or the end of a semester during which the student returns to school, whichever is longer;

The student's principal will, at the appropriate time, provide such student the information necessary for the student's operator's license or permit to be revalidated by the Indiana Bureau of Motor Vehicles.
7. If a principal has reason to believe that a student is withdrawing from school in order to avoid a second suspension in a school year or an expulsion, the principal may proceed with the suspension or the recommendation for expulsion and notify the Indiana Bureau of Motor Vehicles.

When a student seeks to withdraw, the principal will hold an exit interview and will determine the reason for the student's withdrawal. If the principal determines that the reason for withdrawal is not financial hardship, the student and the student's parent will receive a copy of the determination.

9. Nothing contained in this Policy shall limit disciplinary action under the Corporation's attendance policy for any individual instance of truancy or cutting class. The student who has been truant and the parent of such student will be informed of each truancy and the consequences of additional truantries under this Policy.

Similarly, the principal shall recognize a previous school's designation or determination of truancy and habitual truancy, as well as any suspension or expulsion.

VI. SCHOOL BUS SAFETY CODE

All school children, while being transported on a school bus, shall be under supervision, direction, and control of the school bus driver, and shall be subject to the discipline of the bus driver and the governing body of the School Corporation.

The following rules have been instituted for the safety and comfort of our children and the efficient operation of our bus fleet.

Students must do the following:

1. Be at their bus pickups on time.
2. Wait their turns to load and unload the bus. Avoid standing or playing on the road while waiting for the bus.
3. The bus driver and bus monitors should be treated with respect.
4. Show consideration for the property where their bus stops are located. Damage and destruction at "stops" result in the discontinuance of these "stops."
5. Nothing (arms, hands, heads, books, etc.) shall be allowed to protrude from open windows on the bus. Windows may only be opened or closed with the permission of the bus driver. Feet should be kept on the floor at the seats and not protrude into aisles of the bus.
6. Horseplay, littering, loud and boisterous conduct on the bus will not be allowed. This type of conduct distracts a driver and may result in a serious accident endangering every person on the bus.
7. Students must wear seat belts on buses where they are available.

VII. TELECOMMUNICATION

Student Access to the Internet

Users are legally bound to the terms and conditions of the Telecommunications Use Agreement. It is assumed that users have read the terms and conditions carefully and understand their significance including the understanding that any violation of these regulations is unethical, may constitute a criminal offense, that accessors' privileges may be revoked and school disciplinary action may be taken as well as appropriate legal action.

If a parent or guardian does not authorize the school to make Internet access available to their student, it is the parent's responsibility to inform the school in writing. Alternate activities of a suitable educational nature not requiring Internet access will be assigned to students whose parents have informed the school not to make Internet access available to their student.

VIII. NEW ALBANY-FLOYD COUNTY CONSOLIDATED SCHOOL CORPORATION TELECOMMUNICATIONS USE AGREEMENT

The New Albany-Floyd County Consolidated School Corporation firmly believes that there is a wealth of information and interaction on the worldwide computer network that will provide valuable resources for our students. With access to computers and people from all over the world through Internet, it is impossible to control access to all materials found on the Internet, and an industrious user may discover controversial information. Sponsoring teachers will instruct and supervise their students in acceptable use of the Internet and proper Internet etiquette.

The smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. Access to the Internet through school machines requires responsible, efficient, ethical, and legal utilization of Internet resources. Users violating any of these provisions may be disciplined, and their access to Network and Internet services terminated and future access denied.

The Board of School Trustees firmly believes that broad educational opportunity should be a right for all children. Educational experiences are provided not only in the regular classroom, but also by a comprehensive extracurricular activities program. Therefore, removal from the extracurricular activities or from the classroom as a disciplinary measure is resorted to only when self-discipline fails.

It is the sincere hope of the Board of School Trustees that this Guide will be helpful to students, parents, and teachers in the effort to promote more democratic schools and continued good relations between students and teachers.
